

STOP TEACHING

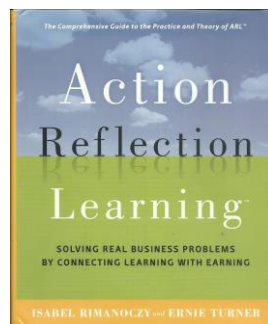

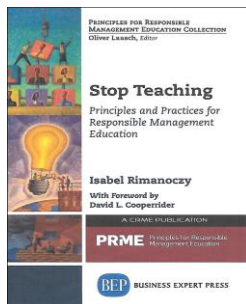

FACULTY SEMINAR

In the era of 24/7 global access to information from our mobile gadgets, many institutions of higher education are still sitting students in rows or amphitheatres, with pedagogical approaches from a century ago. And struggling to create engagement.

What if faculty could unleash their potentials, bring excitement and passion, and foster them to shape the world they want to live in?

In this Intensive Workshop Seminar Dr. Rimanoczy will introduce a **powerful and versatile pedagogical framework that is transforming higher education.**

- Learn the Ten Principles of Action Reflection Learning, the pedagogy at the core of a Responsible Management Education (PRME Principle # 3)
- Experiment with powerful activities and tools
- Tailor a personalized plan to incorporate this pedagogical approach into your classes
- Work with and learn from a diverse group of peers who share your interest and challenges for engaging the student audience

1 Day Intensive
Workshop Seminar

Experiential
Learning

Interdisciplinary

Facilitator: Dr.
Isabel Rimanoczy,
Author, PRME Working
Group on the
Sustainability Mindset
